Engineering Design and Support

PSI Molded Plastics employees are our most valuable resource - so we focus on three areas: education, professional development and inclusion. Smart, productive employees are essential to PSI Molded Plastics' success. Our goal is to keep them involved, valued and armed with the tools needed to reach their goals. PSI Molded Plastics recognizes outstanding performance.

We are strongly committed to providing world class service to our customer partners across the automotive, healthcare, appliance, material handling, filtration, sports & leisure, industrial and lawn & garden marketplaces.
